OYOO Smile Collection

OYOO Smile is our brought in collection of 100% cotton hoodies and t-shirts. They are sourced from within South Africa, made using sustainable cotton and within the SADC. We create the graphics and have them printed using the 'Direct to Film' method. If you have an event and want to have your own graphics added to the clothing, we're happy to do that too.

28	OYOO Smile Hoodie - Various designs	Sizes XS - 3XL	ORDER
29	OYOO Smile Hoodie - Design your Own	Sizes XS - 3XL	ORDER
30	OYOO Smile Tee - Various designs: (A) Crew-Neck (B) V-Neck	Sizes S - 3XL / XS - 2XL	ORDER
31	OYOO Smile Tee - Design Your Own: (A) Crew-Neck (B) V-Neck	Sizes S - 3XL / XS - 2XL	ORDER

Did you know?

Over half of African countries still criminalize same-sex relationships, and transgender people face little to no legal recognition or protection? Through our OYOO Smile collection, we're helping change that. 10% of our profits go to organisations championing LGBTQ+ and transgender rights across Africa—fighting for equality, dignity, and love for all. Keep informed of how your support is making a difference by [signing up to our newsletter](#).

Colours & Pattern *Range*

We currently focus on using shweshwe as our primary African made textile. From the Eastern Cape, South Africa, we only use genuine, 3Cats Shweshwe, which is made by DaGama and can be identified by the stamp on all of their material. Genuine shweshwe colour does not run in cold water and is made of 100% cotton. Please visit DaGama's website on their own dedication to support local communities and the environment.

As part of our style, we offer a specific selection of shweshwe patterns and colourways. The main patterns we use are paired with their equivalent dot pattern in the same colourway. This gives our products a distinctive look in comparison to other shweshwe products on the market. See below for the names and pattern combos we use:

Local is Lekken

As part of our ethos, we believe in supporting local and sourcing as ethically and as sustainably as possible. For example, we source our customised metal buttons from Castaway Components in Cape Town. As we expand our products, you can view all our [suppliers](#) on our website.

Lui Shirt

Men's Shirts

We're busy tweaking our men's long-sleeve shirts and Afrika shirts (short sleeved). Although popular before, we felt they needed a bit of modernising.

Our men's shirts will be available in all our main colours. There will be two collar types to choose from too - Madiba or Turnover.

We are aiming to launch the new designs later this year.

Sign up to our e-news for a preview of the new designs and be the first to find out when they'll be available to order.

Coming Soon

We're currently working on a variety of new products, which will be released in the coming months:

Nawi Jacket
Afrika Shirt
Lui Shirt
Laptop Sleeve

If you'd like to hear first, which products are going to be available to buy, please sign up to our OYOO Style e-news.

[Sign up now!](#)

If you're interested in ordering any of our products, please go to our website and select everything you want to order as a quote. Simply go to our shop, as if you're buying online, but instead of using the 'Add to Cart' button, select 'Add to Quote'. You can choose the colours you like, and the quantities per size.

Once your quote list is completed, you just submit your quote and we'll get back to you with an invoice for payment.

Orders over R15,000 receive a 10% discount.

Please refer to our [Wholesale page](#) for more information. There is a help video on the page on how to get a quote.

Who are we...

We are an all women-owned business, based in Malgas, WC, South Africa. Founded in 2021, we decided it was time for a designer brand that not only celebrated African textiles, but also created clothing and homeware without causing harm to the planet or the people making them. We are passionate about slow fashion, zero-waste and paying fair wages. All our products are created with practicality, comfort and style in mind. Everything is made with love, and made to last. We proudly source all our items locally, in South Africa. We provide wholesale exports worldwide.
